### About This Game

You play as a knight who dares to encroach upon gold belonging to a castle's keeper. Many dozens of knights have tried to do it long before you. However, they have faced the same fate - no one has come out of the castle alive so far. Show yourself! Collect as much gold as you can take and get out of the castle. But remember that the castle's last keeper named Kolbeinn is chasing you, as he owns the gold you are trying to carry away.

Kolbeinn is a runner in the world of fantasy, your goal in this world is to collect golden chests, which are scattered over the whole castle. The more chests you collect, the faster the castle's keeper will be chasing you. Set time records and collect as much gold as possible. At the same time you also have to evade Kolbeinn and the traps he stuffed the castle with.

small lightweight quick indie runner game - you run in a dungeon, trying to run away from a terrible skeleton following you - gathering gold and avoiding different traps on your way, trying to run as far as possible - the more gold you gather the faster and more angry your chaser skeleton becomes. great for a quick casual gameplay.. Game not nice.
