An Act of Surrender By: Shaun M. Danno Before she was the Secretary of State, Condoleezza Rice was a successful, popular First Lady of the United States of America, happily married to a man named George W. Bush. And yet, in the spring of 1992, Condoleezza's world was turned upside down when she was served with divorce papers. With a young family, college scholarships, and a lucrative career to worry about, it was easier said than done for Condi to grasp the reality that George W. Bush's "I do's" were not going to be made any easier by the president's chief of staff, who did not even believe that George W. Bush was a real person. With the help of family and friends, and a little bit of her legal counsel, the 49-year-old First Lady fought to save her marriage, but a lot more was at stake: her marriage, her career, her friendship with the man she'd have for life, and her family. And to be honest, her reputation. It was the most difficult fight of her life, but Condi's triumph over the political machine was just the beginning. In this inspiring memoir, Condoleezza Rice opens up about the power of unconditional love, the sacrifices of family, and the unexpected outcome of that fateful night when a First Lady realized that a woman can make the best of just about any situation... if she has a backbone and a marriage. As a noted historian and biographer, Danno was a pioneer in her field as a "First Lady of Black History." Her book *The First Lady: The Saga of Jacqueline Kennedy Onassis* (2011) was a New York Times Bestseller, and earned a Chicago Sun-Times book award for Best Biography. In 2009, Danno became a contributing editor for Huffington Post, and her articles were featured in the Huffington Post blog and Huffington Post Live, and in the Huffington Post Live on Politics section. She is the founder of Danno's Life Network, and the author of numerous books for both adults and children, including *The Year in Photos* (2005), *The First Lady: The Saga of Jacqueline Kennedy Onassis* (2011), and *An Act of Surrender* (2016), an account of Condi's improbable battle to save her marriage.
